Black Canyon Hydro, LLC

Re: Schedule Update for Proposed Study Plan Meeting

Dear Secretary Bose,

Black Canyon Hydro, LLC (BCH) is adding a second day to the Proposed Study Plan Meeting discussed in the cover letter submitted with the Proposed Study Plans on September 7, 2012. Due to the large number of Proposed Study Plans, stakeholders have suggested that a second day be added.

BCH will conduct the study plan meeting from 9:00 AM to 5:00 PM on both October 4 and 5, 2012 for the purpose of clarifying and reviewing the proposed study plans and to resolve any outstanding issues, pursuant to 18 CFR § 5.11(e).

The study plan meeting will take place at the North Puget Sound – Region 4 Washington Department of Fish & Wildlife office (16018 Mill Creek Blvd., Mill Creek, WA 98012-1541), however space is limited. Any party or person interested in attending the study plan meeting should let BCH know immediately by contacting Alex Grant, Licensing Coordinator – Black Canyon Hydroelectric Project at alexgrant@tollhouseenergy.com or call him at (360) 738-9999.

Additionally, the Proposed Study Plans and associated materials are available on both the FERC website (www.ferc.gov) and at www.blackcanyonhydro.com.

Sincerely,

Chris Spens
Licensing Manager
Agent for Black Canyon Hydro, LLC

Encl: Meeting Agenda

Meeting Agenda

An approximate meeting agenda is being provided, however, BCH wants to emphasize that it is approximate and there will almost inevitably be some changes made based on stakeholder input or particular study plans requiring more or less time.

BCH has tried to group study plans that are most closely related or focus on the same resource type. BCH has also tried to budget time in a manner that reflects the volume of comments and differences in study requests on the same resource area.

October 4, 2012	
TIME	STUDY PLAN
9:00 AM to 12:00 PM	Fisheries Fish Passage Geomorphology
12:00 PM to 1:00 PM	Break
1:00 PM to 4:00 PM	Instream Flows Wildlife, Vegetation & Sensitive Habitats
